

I am

Bank user

Customer

Student

I'm trying to

Make online  
payment

Buy things  
online

Update my  
aadhar

But

The payment is  
made to another  
account

My bank account  
details has been  
hacked

I am unable  
to use my  
original  
website

Because

The website is  
malicious  
website

The website is a  
phishing website

url redirect to  
cloned  
webpage

Which makes me feel

Insecure about  
online  
transaction

Insecure about  
buy products  
online

Insecure
